

Compressed Air Distribution System

6" (168 mm) SmartPipe™

This addition to the SmartPipe™ line brings all the advantages of SmartPipe to larger industrial compressed air and vacuum systems. SmartPipe is suitable for lubricated and oil-free systems.

Faster installation

- Simple couplings eliminate welding or threading
- Much lighter than steel or copper for safe, easier handling
- Completely removable and reusable
- Integrates easily with other SmartPipe sizes (1/2" to 4")

Dependable performance

- Smooth interior for higher flows and lower ΔP
- Resistant to corrosion
- No leak Nitrile seals

Specifications

- Maximum pressure: 175 psig
- Maximum vacuum: 29.2" Hg (97.8%)
- Working temperature: -4° to 140°F
- Suitable for indoor and outdoor use
- Also suitable for inert gases

Benefits

- Much faster to install
- Smooth interior, better flow
- Non-leaking
- Less pressure drop, lower energy cost
- No corrosion, better air quality
- Durable and maintenance free
- Lower environmental impact

SmartPipe is suitable for lubricated and oil-free compressed air systems and can be used either in or outdoors.

Complete selection of fittings and accessories

Certifications

Manufactured in ISO quality batch system traceable

Protective powder coat finish

Meets ASME B31.1 for industrial plants

Connectors and valves conform to UL94HB. Fixing clips conform to UL94V-2. Flexible hoses conform to ISO 8030. Pipe powder coat finish classified MO.
