Charlotte, NC

JEB Four Racing

A Family Tradition of Success

Jeff, Jamie, John, and father James Brooks are JEB Four Racing and have been competing together since 1993 when we started in the Super Gas class. Kaeser Compressors joined the team as our main sponsor for the 1995 season and has been at our side ever since.

We race in the NHRA Northeast Division with a modified Henry J design. Back in the Super Gas days, the body was actually built from a '51 model. To compete in Top Sportsman we had to get a bit more sophisticated. The current "Super Henry J" was built by Dan Page and features the latest technology, a carbon fiber body by Terry Hall and a Sonny Leonard motor. Gotta keep up with the times.

With the technology and our old school approach, we've been pretty successful. We're proud to consistently be a top finisher in our Division and in the last few years have added a few Wallys to our shelf. In 2015 we won the Top Sportsman class at the Toyota NHRA Summernationals at Englishtown and the Lucas Oil NHRA Divisional at Atco Raceway. We finished the season in second place for the division and fourth place in the nation.

In 2017 we were thrilled to win at Summer Nationals in Englishtown for the second time. Wins at Atco and Norwalk Division races and a runner up finish at Epping led to us winning the Top Sportsman championship for NHRA Division 1.

JEB Four team members: John, James, Jeff, and Jamie Brooks.
